Statement from Our New President

2011年是协会第四届理事会、常务理事会换届完成之年。协会新一届领导机构通过会员大会的投票表决程序顺利产生。作为在广大会员支持下就职的新任协会主席，我深感荣幸和责任重大。在此，我要向长期以来一直担任协会主席的王立平先生以及上一届常务理事会、理事会成员表达由衷的谢意，感谢他们为维护音乐作者权益、为协会稳定持续发展而不计回报地辛勤付出，感谢他们领导协会团结会员取得了在维护作者著作权方面令其他艺术界同仁羡慕的骄人成绩！

业务方面，协会2011年交出了一份令人满意的答卷。继2010年之后，协会许可总收益再次创出历史新高，达到了人民币8889.31万元，同比增长30.69%。这意味着广大音乐著作权人的收益也会有相当的提升。

在各项业务中，互联网和广播权工作的突破性进展是协会业绩的最主要亮点。

广播权方面，在2010年与中央电视台签约后，如何将广播权许可收费工作尽快最大范围地覆盖到全国各级电台、电视台成为协会工作的重点、难点。几经周折，该业务本年度取得了三项重大进展：一是在年初较短时间内完成了与中央人民广播电台的签约工作；二是与中国广播电视协会广播版权委员会初步确立了其所属成员台音乐付酬模式，并与10家地方电台完成了签约；三是与中国广播电视协会电视版权委员会确立了其所属成员台音乐付酬模式，并计划于2012年初与部分地方电视台（省级为主）举行签约仪式。虽然相关付酬模式仍需在实践中予以检验，但是解决广播电台、电视台音乐版权问题的行业合作已经全面展开了，相信开花结果为时不远。

在经历了长达三年的诉讼和数月的谈判之后，协会与百度公司于2011年4月正式签署战略合作协议，双方承诺共同打造中国网络音乐作品正版化主渠道，以促进互联网环境下权利人与使用者之间的利益平衡。要知道，由于互联网企业的强势，音乐版权公司的各自为政，音乐作者很难从互联网音乐收益中获取应得的报酬。而协会与百度公司的合作打造了许可、结算、分配的统一平台，可以确保音乐作者享有合理的收益份额。我们确信，一旦将此正版化经营模式推广到互联网全行业，必将有力地改变音乐作者在互联网行业颗粒难收的生存状态，建立起版权保护的正常的生态环境。协会将不遗余力的深入开展此项工作。

回首协会近20年的风雨历程，历史告诉我们，要做好协会工作，以下三点至关重要：

一是有一个有理想、有意愿为广大音乐家服务的坚强团结的常务理事会；二是有一个理性务实、坚持原则、不重虚名的执行团队；三是有广大会员的信任与支持。

缺少其中任何一点，协会不仅不可能发展，甚至可能全盘皆输。因此，让我们珍视来之不易的协会的今天，并继续努力，创造更美好的明天。

Statement from Our New President

In 2011, MCSC's General Assembly was held successfully by means of communication from January 15 to April 15, and during the period the 4th Board of Directors and Executive Board of Directors of MCSC were elected by postal secret ballot. To be elected as the new President of MCSC and have gained support and confidence from most of our members, I feel deeply honored and great responsibility. Now I would like to express my sincere thanks to Mr. Wang Liping - our former President, our last Board of Directors as well as last Executive Board of Directors for their great contribution to safeguard the rights of our members and take MCSC to develop steadily, and also thanks for their competent leadership to take MCSC to win significant achievements in the field of copyright protection which have always been admired by our other colleagues in art circles.

As for the licensing business, in 2011 MCSC made another record for royalty revenue to reach the amount of 88.89 million yuan RMB, at a growth of 30.69% compared with the year of 2010. This means that the profit due to distribute to copyright owners will be promoted accordingly.

In particular, our broadcasting rights licensing work and internet licensing work have made breakthrough progress.

For broadcasting rights, since signed the agreement on music copyright licensing with CCTV (China Central Television) it has become the focus and difficulty on how to extend our licensing to all levels of radio and TV stations all over the country. After much effort, we finally made 3 progresses: signed with CNR (China National Radio) in the early of 2011; set up a preliminary model of payment with the Radio Copyright Committee of CRTA (China Radio & Television Association) for their member stations' paying music royalties, and signed agreements with 10 local radio stations; set up the model of payment with the Television Copyright Committee of CRTA (China Radio & Television Association) for their member stations' paying music royalties, also both sides promised to hold a signing ceremony between MCSC and some of local TV stations (most of which are provincial level) at the beginning of 2012. Although the model of payment still needs to be tested in practice, the cooperation with industry associations to solve copyright payment with radio and TV stations has been started and we believe it will be a successful way.

Experienced 3 years of litigations and several months of negotiations, a strategic cooperation agreement on Internet music copyright licensing was signed between MCSC and Baidu finally in April of 2011. Both sides pledged to work together to build a legitimate channel for online music usages in Chinese market to balance the interests and profits between copyright owners and music users. As is known, under the present Internet business environment it has always been difficult for music creators to deserve good pay from the great profit of online music usages because of the strong position of Internet enterprises and the disunity of music publishers. However, the cooperation between MCSC and Baidu tend to build a platform through which the copyright licensing, royalties accounting and royalties distribution will all be realized to guarantee the reasonable royalty share of music creators. We believe that music creators will enjoy more and more profits from the online music usages with the comprehensive promotion of this cooperation model in Internet market in the near future. MCSC will try its best to push the model forward.

Looking back on the course of nearly 20 years of MCSC, our working experiences tell us the following points are vitally important for doing our work well: first we need a strong and united Executive Board of Directors which has ideals and is willing to serve our musicians; second, we need a reasonable and practical executive team which must adhere to principles and think little of undeserved reputation; third, we need the confidence and support from our members.

Any lack of the above points wouldn't make MCSC develop normally, and may even let us suffer a sound defeat. Therefore, let us preserve our hard-won achievements and keep on trying our best to create a more splendid future.

广播权版税分配情况说明

自2010年协会与中央电视台签约后，经协会反复督促，中央电视台于2011年底向协会提供了第一份音乐作品使用报告。协会在这份报告的基础上，整理了中央电视台2010年播出音乐类节目信息及电视剧播放信息，并根据国际上通用的分配方法进行资料处理，预计将在2012年完成相关分配工作。

2010年上海世博会版税分配情况说明

The explanation on broadcasting right distribution

Since signed the agreement with CCTV (China Central Television) in 2010, MCSC had asked them for their information of musical works usage several times. Finally, by the end of 2011 they provided with the first report of musical works usage to us. Referring to their report, MCSC recorded and collated the information of musical programs and TV plays broadcasted by CCTV in 2010, and then added the information into our distribution system based on the international distribution rules. Thus, our first broadcasting right distribution is expected to be finished in 2012.

The explanation on the 2010 Shanghai World Expo royalties distribution

During the period of the 2010 Shanghai World Expo, MCSC totally collected royalties from over one hundred of live performances and activities where music were used, which were held by different countries and regions. Then MCSC sent the information of musical works usage provided by users to relevant overseas societies for identification. After the identification work, MCSC will finish the distribution in 2012.
